BusinessLuncheon

Tuesday, Sept. 14

John Huston

Special Guest Speaker

John Huston and his expedition partner, Tyler Fish, are the first Americans to reach the North Pole unsupported and unassisted. In 55 days, the two skied over 480 miles, pulling 300 pound sleds and at times had to swim across stretches of open water. With -60° air temperatures, the expedition has been called 'the hardest trek on the planet.' It was truly a journey of optimism, humility, responsibility, teamwork and perseverance. John is a life-long educator with a passion for challenge and inspiring others. John has also led an expedition to the South Pole and dogsledded 1400 miles on Greenland. He fiercely believes in the optimistic potentials inherent in all people and situations.

John, formerly of Glen Ellyn, is a graduate of Northwestern University, a former Outward Bound Instructor and a polar guide and trainer.

Optimism, Teamwork and Motivation

Join us on Tuesday, September 14 for this very special presentation.
\$25 members, \$30 non-members. *RSVP by Friday, Sept. 10.*
